COURSE DESCRIPTION

ART 101 is an introductory course that focuses on the question “What is the nature of visual art?” and the forms and conditions under which art is expressed. (3 hrs. lect) WCC: DA

This semester we will explore what art is, how and why it is made, and experience what it’s like to see, think and work in an artistic mode. To understand the role of art in our lives today, we will participate as both the artist and the observer. We will achieve this through readings and discussions full of images, a bit of research, and demonstrations and hands-on projects in various art media and styles.

This course will also serve as an introduction and preparation for the studio art program at WCC.

STUDENT LEARNING OUTCOMES

- Identify how an appreciation of the visual arts influences the quality of life.
- Analyze how the elements of form and principles of design work together with the creative process to produce a work of art.
- Describe individual art disciplines, media, and specific methods of making art.
- Define major historical and contemporary movements in art and discuss how it reflects its time and culture.
- Execute studio art projects in order to experience visual concepts, art disciplines and media.
- Maintain a comprehensive sketchbook demonstrating an understanding of the elements of art.
- Create at least one basic 2D and 3D studio art project, utilizing media specific to the successful outcome of each project.
- Execute one project based upon art history or museum observation.
ASSIGNMENTS, ATTENDANCE, AND GRADING:

Your grade will be achieved in two main ways. One part of your grade is based on the ‘Academic’ side of things: reading worksheets and quizzes, written exams, some in-class/group work, and an exhibition/gallery review assignment. These will cover vocabulary and concepts from the readings, slideshows/discussions, and art activities as appropriate. I will make every attempt to be clear as to what you will be responsible to know, but please ask when you are unsure about anything. There will also be some teamwork and in-class activities to help us gain greater command of our knowledge through collaboration.

The other ‘Art’ part of the grade comes from participation in your own artwork and activities using the various two- and three-dimensional methods introduced:

You will be maintaining a Sketchbook throughout the semester that will contain both in-class and at home projects that require your application of the art concepts we discuss and explore. This will be collected at mid-term and at the end of the summer for grading. Each assignment will show the available points, and some in-class activities will count as bonus points.

You will also have three larger Art Projects throughout the summer, and the Final Collage. They will involve a bit more time, so please prepare and allow for this. The time, thought and energy invested are readily apparent and a quick-rushed project will be scored accordingly. All artwork carries the possibility of bonus points for work done beyond the expectations of a beginning student. Go For It!

Your artwork will not be considered based on pre-existing ‘talent’, but on your understanding of the art concepts presented and your effort in attempting to work with them. No one is required to know how to draw. You will learn all you need to know to complete these assignments and you may be surprised at the skills you develop. Again, bonus points are awarded for excellent and committed work!

Your grades will be calculated based on the following approximate percentages:

<table>
<thead>
<tr>
<th>Assignments</th>
<th>Points</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quizzes and Tests</td>
<td>300 (30%)</td>
<td>Sketchbook: 200 (20%)</td>
</tr>
<tr>
<td>Worksheets:</td>
<td>100 (10%)</td>
<td>Projects I, II, III: 200 (20%)</td>
</tr>
<tr>
<td>Gallery Art Review:</td>
<td>100 (10%)</td>
<td>Final Collage Project: 100 (10%)</td>
</tr>
<tr>
<td>500 pts. (50%)</td>
<td>500 pts. (or 50%)</td>
<td></td>
</tr>
</tbody>
</table>

The above will be added together with your bonus/extra credit points to determine your grade. Points for absences and lates will be subtracted. The totals will equate as a letter grade as follows:

- **A** 90% and above
- **B** 80%
- **C** 70%
- **D** 60%
- **F** 59% and below
Attendance:
Almost every class meeting will involve some sort of group activity and artistic exercise or project, and lectures and discussions will go well beyond the text, so attendance and participation will be vital to your success! You are expected to attend all classes, arrive on time, and remain for the entire class period. When you miss a class you are responsible to consult with your peers and the instructor for the material covered in your absence. Your attendance will be counted as follows:

You are allowed 3 ‘free’ absences and 3 ‘free’ lates (up to ten minutes).

- each additional absence will begin to lower your grade
- every two additional lates will equal one absence
- I will give 5 bonus points on 3 random days for being present and ON TIME!
- Late Work will drop 10% per week, 3 week max.

*Important! More than six absences may result in a failing grade (an ‘F’ or an ‘N’).
*Important! Make-up exams will only be allowed at instructor’s discretion. These must be arranged with the instructor and be taken within one week of test date at WCC’s ‘Testing Center’ (unless a significant circumstance prevails).

DISABILITIES ACCOMMODATION STATEMENT

If you have a physical, sensory, health, cognitive, or mental health disability that could limit your ability to fully participate in this class, you are encouraged to contact the Disability Specialist Counselor to discuss reasonable accommodations that will help you succeed in this class. OTHER STUFF

Please turn off or silence all cell phones during class, and no phones should be out during class. I appreciate you not texting, posting, gaming, etc. Computers should be open only for note-taking and/or class related research. If you appear to be too preoccupied you will be excused from class for the day.

Please remove your skullcandy, earbuds and/or beats monster-sized noise-cancelling headphones during class so I can tell that you are with us.

We may be heading outside on occasion or getting dirty with art supplies so please keep this in mind when you’re getting ready for class! Sunscreen, hats, not-your-favorite-white t-shirt, etc…
**Keeping Up with your Schedule:**

Every semester I have to sadly enter an F for a student that either stopped coming to class or never attended, but failed to drop it officially. If you decide to drop the class, please visit a counselor or let me know if I can help, to make sure it doesn’t end up hurting your record. Keep in mind the dates below as they can affect both your GPA and your Wallet!

***Note: “Incomplete” (I) is a temporary grade given at the instructor’s option when a student has failed to complete a small part of a course because of circumstances beyond his or her control. The student is expected to complete the course by the designated deadline in the succeeding semester. If this is not done, the “I” will revert to the contingency grade identified by the instructor.***

**LEARNING RESOURCES**

We will be using Laulima and other (free!) online Open Education Resources extensively this semester. You will need to have regular access to a computer/device or make time to use one on campus.

The WCC Library has a great collection of art books. You can just wander up to the third floor, around to the left side, and head about halfway down the back aisles, until you find the NB - NX area. Spend an hour or two sometime exploring these shelves. To the right of the stairs is the island of the ‘Oversize’ shelves with all the biggest books. *Ask the librarians for help finding anything… they love it!*

If you want to see the real thing we have great museums, numerous galleries and oodles of public art around town for you to explore. Ask me for the Who, What, and Where!

*Your supply list is on the following page!*
