Mathematics Discipline Meeting
Wednesday, Jan. 27, 2016
Minutes

Present: Clayton Akatsuka, Jean Okumura, Navtej (Johnny) Singh, Jody Storm, Kevin Takayama

The meeting was called to order at 2:28 pm in the Mana’opono Conference Room 107.

1. The minutes of the Dec. 2, 2015 meeting were accepted as corrected.

2. Courses with Math Prerequisites Other than Math Courses
   o It is clear that courses that require a C grade or credit in Math 25 or 29 would translate into a C grade or credit in Math 82.
   o It is also clear that courses that require placement in Math 24 would translate into placement into Math 82.
   o However, it is not clear what change should be made for courses that require a C grade or credit in Math 24 or placement into Math 25. CHEM 151, FSHN 185, BOT 210, OCN 101 fall into that category. ICS 120 was also in that category but that course has been archived.
   o Jean will follow up with the lead instructor for those classes to find out whether Math 82 or Math 75X would better suit their needs.

3. Central Arizona College – Course Evaluations

7. Student Success Council Task Force – Working Groups
   - Johnny volunteered to work on the Placement Test.
   - Kevin volunteered to work on exploring options for supporting students who place 3-levels below.

8. Math Position
   - It is hoped that the position will be filled by fall 2016.
   - We should begin working on position description. Clayton has a copy of Jody’s position description and Kevin’s position description. Jean needs to get a copy from Clayton. If he finds that he doesn’t have it then we have to get a copy from Karen Cho.
   - This position will not be a developmental math position.

9. Math Center & Russell Uyehara – Status
   - Charles said that he will work things out with Roy in TRiO. Two weeks later, Clayton checked with Roy but Charles had not talked to him yet.
   - Meanwhile, Roy hired Laura Honjo to do the job that Russell did last summer. Therefore, there are no plans for TRiO to hire Russell for this coming summer.
   - It doesn’t look good for Russell, but he continues to volunteer to help our students.

10. Pathway from existing Math courses to new Math course in fall 2016
    Counselors had questions about this pathway. The pathway was revised to make it more clear for counselors. The revised pathway is:
    - Students who took Math 21A may take Math 75X, regardless of whether they completed Math 21A or not.
    - Students who completed Math 21, 21B, or 24 with a C grade or better may take Math 75X or Math 82.
    - Students who received an N, NC, D, or F grade in Math 21 or Math 21B may take Math 75X.
    - Students who received an N, NC, D, or F grade in Math 24 may take Math 75X or 82.
